Your support is needed for these shoots so that we can enter the top five scores on the day into these national league competitions.

**NOTES RELATING TO INDOOR SESSIONS**

The session is 3.30 - 6.00pm.

You should arrive well before the start time and ensure that you have your gear together and are ready to shoot at 3.20pm. Everyone's help will then be needed to put out and clear away equipment. We must be out promptly at 6.00pm. It may be necessary to take down your gear in the reception area after we have left the hall.

We have to be very strict with time so - please do not dawdle on the shooting line!
